Warm Debilitating Weather.

Many people, after a long spell of
oppressive heat, suffer from lassit-
tude, loss of spirits, and a general
"run down" feeling. They need a
course of Ayer's Sarsaparilla, a
medicine which has revived and
restored to active life and health
thousands of such sufferers. A lady
recently returned to England from
South Africa writes concerning this

"Wonderful Medicine"

"While in Cape Town the past
summer I suffered greatly from the
long-continued heat. I was com-
pletely worn out; my blood seemed
to become as thin as water, and I
lost all energy and interest in life.
My friends recommended Ayer's
Sarsaparilla, and a course of this
wonderful medicine restored my
health and spirits. My husband suffered
in the same way as I did, though
not to such an extent, and he also
was greatly benefited from the use of

HAD A TERRIBLE TIME

THE TRIP OF THE MORNING STAR TO SAN FRANCISCO.

All Hands on Deck for Fifty-six Hours
at a Stretch—Passenger Acts
as Engineer.

From accounts in San Francis-
co papers the missionary bark
Morning Star had a hard time in
getting to that port and came very
near justifying the predictions of
a lot of waterfront croakers who
propheesied she would never reach
port again.

The Morning Star had a terri-
ble time of it in the northwest
which raged off the Pacific Coast
during the end of April. All hands
were on deck for fifty-six hours
and Captain Bray and Chief Of-
ficer Garland were completely worn
out when the vessel came to an
anchor.

While making an anchorage she
had several narrow escapes. A
native seaman was at the wheel
and when Captain Bray ordered
him to put his helm to starboard
he put it hard a port and nearly
ran the vessel into the ferry-boat
San Rafael. When given the
word "steady" he immediately
put a rope around the spokes to
hold the wheel "hard a port" and
as the Morning Star began de-
scribing a circle she nearly ran
down the schooner Piute. After
that the captain took the wheel
himself and finally brought the
barkentine to an anchor.

Among the passengers from
Ruk was a venturesome Scotch-
man named A. (Sandy) Bowker.
He made his home in Ruk in 1881
and there married one of the na-
tive princesses. He has now three
handsome little children and
wants them educated. He is a
carpenter by trade, but is a handy
man at anything. When the
Morning Star's engineer was taken
sick "Sandy" took charge of the
machinery and ran the vessel as
though he had been born to the
business. According to him Christ-
ianity is gaining ground in the
Southern seas and in a few years
idols of wood and stone will be
sold as curiosities.

The Star is now in San Fran-
cisco for a thorough overhauling.

HAWAIIAN ANNEXATION.

Now Conceded That It is Favored by
the Administration.

Washington, D. C., May 1.—
When Harold M. Sewall was no-
minated for Minister to Hawaii it
was stated in The Call's dis-
patches that it was an indication
that the administration was in
favor of the annexation of the is-
lands. This prediction is now
conceded to have been correct.
Minister Sewall had a long talk
with the President a week ago,
and will depart for his post of
duty with full instructions as to
his procedure. Meanwhile the
proposition to repeal the Hawai-
ian reciprocity treaty is one of the
absorbing topics of interest.

BY POLICE AT CALLAO.

Inquiry here confirms the story com-
ing from Lima to the effect that the
State Department has lodged a de-
mand with the United States charge
of legation at Lima for the release
of the mate of the American bark "Uncle
John." He was ashore on December
19 last at Callao, and was arrested be-
cause of his constant demand for "Rain-
ier Beer." On tap or in bottles at the
Criterion Saloon.

The frequency of telegraphic
communication of late between
the United States legation in To-
kio and the government at Wash-
ington has attracted a good deal
of notice in the Japanese papers.
They all attribute the commotion
to the Honolulu refusal of emi-
grants incident.

WINTHROP DONS STRIPES.

The Man Who Held the Rich Hawai-
ian Capitalist is in San Quentin.

Oliver C. Winthrop, who was
convicted and sentenced by Judge
Wallace to life imprisonment
about one year ago, was removed
to San Quentin yesterday, says the
Call of May 3.

Winthrop is the man who, with
the mysterious "Pete," took Mil-
lionsaire Campbell of Hawaii out
to a cottage on California street,
and there held and tortured him
in the hope of compelling him to
pay big ransom for his life and
liberty. Previous to this occur-
rence Winthrop was tried and ac-
quitted for the poisoning of Jen-
nie Mathews, a woman whom he
met in Laurel Hill Cemetery
while he was acting in the capacity
of assistant superintendent.

After his conviction for the
Campbell crime his lawyer peti-
tioned the Supreme Court for a
writ of probable cause, pending
an appeal and the setting of a
bill of exceptions before the trial
Judge. On this showing the
higher court granted a temporary
restraining order on the Sheriff
not to remove Winthrop from the
County Jail until the further order
of the court.

In consequence of an ambiguity
of the wording of the restraining
order the prisoner remained in the
Broadway jail until yesterday,
when Chief Jailer Satter notified
him to get ready for a trip across
the water to Marin County. At
this notification Winthrop got
saucey, and said there was not
power enough in the City to re-
move him, as the Supreme Court
had permitted him to remain un-
til his case should be decided by
that tribunal.

In this, however, he was mis-
taken, as he has since discovered,
for he slept within the same in-
closure as Theodore Durrant and
some hundreds of wicked men
last night, and this morning he
will appear in his new striped
suit, which will adorn his person
for the balance of his life.

NEW CHINESE OFFICIALS.

The Minister at Washington Appoints
Consul-General and Consul.

Yu Shi Yi, ex Consul General
to Hawaii and Cuba, who is at
present in Victoria, has been ap-
pointed Chinese Consul General
for San Francisco. Chang Ien
Tong has been chosen as the new
Consul. The two distinguished
diplomats will arrive in a few
days. Both are related by blood
to men holding high places in
China and to others who are in
the diplomatic service in Europe.—

No Subsidy for Seattle Steamers.

Tacoma, Wash., May 1.—Seat-
tle's steamship line to Yokohama,
the Nippon Yusen Kaisha, which
started as a Government line and
with much flourish of trumpets,
will be compelled to paddle along
without any Government subsidy
this season. The Japanese Cabinet
Ministers who hold shares in the
company submitted a bill for a
grant of \$3,400,000 yen per annum
as a subsidy to this line, but offi-
cial advice received at the Japa-
nese consulate here confirm the
rumor that the Parliament
smothered the bill in committee.
The credit for this is due to the
Oriental Steamship, which made
the leading fight against the bill.

Queen Victoria's Chariot.

Victoria's chariot in the royal
procession, for which England is
preparing, is to be drawn by eight
horses, but all the same the Queen
is taking no chances of a runaway.
The coachman is to be one of the
best drivers in the kingdom, a
groom in royal livery is to march
beside each horse and lead him,
and finally the horses themselves
have been in training for months
to walk at a steady pace amid
the waving of flags and the beating
of drums so that nothing which hap-
pens is likely to disturb their ser-
enity.

IN THE SUGAR MARKET

CASTLE & COOKE'S LATEST CIR- CULAR LETTER TO SUBSCRIBERS.

A Slight Advance in the Price of
Sugar—Arrivals and Departures
in the Sugar Fleet.

Messrs. Castle & Cooke have the
following items by the Miowera
and Dorie in their circulars issued
yesterday:

Centrifugals advanced to 3 1/2
cts. on the 3rd inst. by a sale of
400 bags spot, and on the 4th ad-
vanced to 3 5/8 by a sale of 5000
bags spot to a speculator. On the
8th a still further rise was report-
ed of 1-32 making the basis 3
11-32 cts. for 96°. When the
Dorie left the rate had fallen back
to 3 5/8.

Gratuolated remains the same
as last reported.

Beets advanced on the 8th
from 8s 9 3/4 per cwt to 8s 10 1/4.

Sugar Stock advanced to \$114 1/2
"common" and \$103 1/2 "preferred" on
the 3rd inst. and on the 4th to
\$117 1/2 "common" and \$103 1/2 "pre-
ferred."

Arrivals have been as follows:
May 1, Mohican from Honolulu,
basis 3 1/8 cts.; May 1, Muriel,
from Honolulu, basis do; May 2,
W H Dimond, from Honolulu,
basis do; May 2, J D Spreckels,
from Mahukona, basis do; May 3,
Roderick Dhu, from Hilo, basis
3 1/2 cts.; May 3, Queen, from Ma-
hukona, basis do.

Sailings have been the Annie
Johnson for Hilo on the 1st inst.,
and the Andrew Welch for Hono-
lulu on the 7th inst.

Vessels on the Berth—Aloha
for Honolulu advertised to sail on
the 8th. S. G. Wilder for Hono-
lulu advertised to sail on the 7th.
Larlina for Kahului advertised to
sail on the 6th. Muriel for Hono-
lipo no sailing date given.

THE MURIEL'S TRIP.

Now Holds the record for the Fast-
est Round Trip.

While the steamers and sailing
vessels bound north were "buck-
ing into" the storm the handsome
new schooner Muriel was making
record time with a cargo of sugar
from Hawaii, says the Call of
May 3. Yesterday morning at 2
o'clock she was twenty-seven
miles southwest of the Farallones
and four hours later she was at
anchor in port. Fourteen knots
an hour is not bad time for a sail-
ing vessel. The Muriel has made
the round trip in thirty-five days,
thus beating the record of the
John D. Spreckels, the fastest
brig afloat. The fact that the Mu-
riel is almost a new vessel and
that the John D. has not been on
the drydock for nearly a year
should be taken into consideration.
Given an equal show it should be
a nip and tuck race between the
two vessels.

Captain Carlson of the Muriel
again succeeded in evading pilot-
age yesterday. His schooner out-
ran the pilot-boat, and in conse-
quence the pilots had not a chance
to speak to her. The Muriel has
made six trips to this port, and on
four of them Captain Carlson has
made port without paying pilot-
age. When it is known that the
Muriel outtailed the crack pilot-
boat Bonita it can easily be seen
that she is a fast boat.

To Succeed Ellis Mills.

Washington, D. C., May 1.—It
is stated on good authority that
William Haywood, son-in-law of
Judge Jeremiah Wilson, the noted
criminal lawyer, will be appoint-
ed secretary of the legation and
Consul-General at Honolulu.
Haywood was formerly a clerk in
the State Department.

AT WASHINGTON.

Social Distinctions for Chief Jus-
tice and Mrs. Judd.

Washington Post, May 4.—
Chief Justice and Mrs. Judd, of
Hawaii, were at home yesterday
afternoon with Mrs. John W.
Foster, and had the pleasure of
meeting many old friends and ac-
quaintances whom they had
known in the islands. The spaci-
ous rooms were thronged during
the afternoon, and Mrs. Foster
and her guests were assisted in
receiving their callers by Mrs.
Halford and Miss Ida Thompson.
Among those present were Chief
Justice Fuller, Mr. Justice Har-
lan, Baron von Thielmann, the
German Ambassador, and wife,
Mrs. E. J. Somers, Minister and
Mrs. Romero, Hon. and Mrs. George
C. Gorham, Admiral and Mrs.
Walker, Mrs. Crosby, Gen. and Mrs.
Weeks, Mrs. Stanley Matthews,
Mrs. Wallace Radcliffe, and Rev.
and Mrs. J. L. M. Curry.

Chief Justice and Mrs. Judd
were entertained at dinner last
evening by Admiral and Mrs.
Walker, and later were received at
the White House by President
and Mrs. McKinley. They leave
Thursday for Philadelphia.

KILOHANA ART LEAGUE.

Spring Exhibition Opens with View to
Members and Friends.

Yesterday evening the spring
exhibition of the Kilohana Art
League was opened with a view to
members and friends. The cata-
logue is much shorter than usual,
but there is a distinct improve-
ment in quality. Several of the
contributors from the beginning
of the League's exhibitions evi-
dence great gain in the
merit of their productions.
D. Howard Hitchcock as
usual is the most prolific
contributor, and the foregoing
remarks apply to him as well as
to some who make art less an
exclusive pursuit. His works will
require a description to themselves,
and those of other artists will also
be given special attention. The
exhibition is free to the public,
and will be open three weeks.
Hours are given in a news item
elsewhere.

How to Keep Palms and Ferns.

Much of the health of the palm so
universally used for drawing room de-
coration in the winter depends upon its
treatment in the summer. Like human-
ity, palms thrive better after a summer
outing. Set them in the ground in the
yard, not in an exposed place where the
sun will soon kill them, but in a shady
corner, where the soft summer rains
may beat upon them and pure ozone fill
their cells.

The same is true of the ferns that
form the center of most dining tables.
Economy teaches that it is cheaper to
buy two centerpieces at once, substitut-
ing one for the other at the first sign of
drooping or drying leaves.

No plant will retain life if kept con-
stantly under the gas of a chandelier.
The value of having two centerpieces
lies in the ability to have one always in
the air, water, with lavish treatment in
the way of water and a spraying beside
of leaves, the life of these graceful, ten-
der plants may be prolonged indefinitely.

How Captain Cook Was Killed.

He fell a victim to the sudden resent-
ment of the natives of Owhyhee, or
Hawaii, on Feb. 14, 1779, having dis-
covered the island the previous year.
A boat having been stolen by one of the
islanders, the captain went on shore to
seize the king and keep him as a hos-
tage till the boat was restored. The peo-
ple would not submit to this insult, and
their resistance brought on hostilities,
during which Captain Cook and some
of his companions were killed.

How to Make Use of Ammonia.

A few drops of ammonia in a cupful
of warm water, carefully applied, will
remove spots from paintings as well as
from frames.

Nothing will so quickly clean and
polish the spigots of sinks and bathtubs
as a little ammonia and soda mixed
with the fine ashes from the ash fire of
the range.

Equal parts of ammonia and turpen-
tine will take paint out of clothing,
even if it be hard and dry. Saturate the
spots as often as necessary and wash out
in warm suds.

Put a tablespoonful of ammonia in a
quart of water, wash your brushes and
combs in this, and all the grease and
dirt will disappear. Rinse, shake and
dry in the sun or by the fire.

KAMEHAMEHA BOY MURT.

My Accidental Discharge of a Blank
Cartridge.

An accident happily not of a
serious nature happened in con-
nection with the United States
naval battalion drill at Kameha-
meha school grounds this morn-
ing. A blank cartridge in a Phila-
delphia man's rifle was accident-
ally exploded, and the wad
struck Uilani Lemon, a school
boy, in the leg. It inflicted a
flesh wound that is not serious,
which was attended to by the
Philadelphia's surgeon present at
the drill. Dr. Herbert later took
charge of the case, and the lad
will only suffer temporary incon-
venience from his injury. He is
a son of Mrs. Lemon, matron of
Kapiolani Maternity Home.
